

Quebec Teachers on list to fill void in NB Classrooms – Higgs (Paid Subscription)

Description

New Brunswick teachers should not be sitting at home while Quebec teachers are called to fill in at NB classrooms, says leader of the Opposition.

Blaine Higgs says there's a shortage that needs to be addressed before even more french immersion teachers are needed next fall when the program is reinstated at grade 1.

He says he was upset to learn principals are being given supply teacher names with phone numbers from the Eastern Quebec area code.
