

Subject: Good meeting in Doaktown. An email from an attendee to the Doaktown meeting

Description

Message: My wife and I attended your meeting in Doaktown. I admit, we were a little skeptical going and didn't expect much more than a bunch of anti-french propaganda.

I would like to tell you that we were pleased and surprised to find the meeting anything but anti-french. You presented things that concern many NB residents in a clear and bare-bones manner without any hateful or hurtful comments. You provided clear and publicly available information to demonstrate your position, and you were open to both feedback and opposing positions. At the end of the day, you gave us a great deal to think about – and I believe that my wife and I have decided that we will both be joining your organization and offering our support. You are correct – we need to get things under control in this province – there is no logic or reason to what is happening.

I appreciate you mentioning that members from all political parties had been invited – we all see who actually showed up, and I guess that says a lot about who actually cares about the people in this province.

Can you tell me how to get hold of Mr. Austin? We would like to make a donation but did not have the funds on Saturday.

Keep up the good work!
